Editorial Review

From School Library Journal
Grade 7-10-Schizophrenia is an intelligent overview that focuses on readers' likely situations rather than on their assignment needs. In addition to a description, a brief history, and an enlightening discussion on brain chemistry and structure, Kelly addresses symptoms to watch for, diagnostic and treatment alternatives, and ways of effectively communicating with a schizophrenic or surviving if you are the one afflicted. In Illness, following an introduction utilizing famous examples of productive people who experienced some kind of mental illness, Moe moves right into descriptions of the major disorders. The chapter on "Getting Help" speaks directly to readers, describing common symptoms to watch for, explaining what kinds of questions and tests the doctor will ask and need, and providing an overview of the different types of professionals who can help. Using anecdotal examples, the author describes different treatment options. One chapter is devoted to schizophrenia. Others describe steps a person can take to help themselves or someone they love who has a mental illness. This volume will make a fine companion to Victoria Sherrow's Mental Illness (Lucent, 1996), which is more geared to research. Kelly's and Moe's titles are attractively presented, but emphasize information rather than visuals.

Users Review

From reader reviews:

Robert Hensley:

With other case, little folks like to read book Coping With Mental Illness. You can choose the best book if you love reading a book. As long as we know about how is important a book Coping With Mental Illness. You can add knowledge and of course you can around the world with a book. Absolutely right, because from book you can understand everything! From your country right up until foreign or abroad you will find yourself known. About simple thing until wonderful thing it is possible to know that. In this era, we could open a book or perhaps searching by internet system. It is called e-book. You should use it when you feel weary to go to the library. Let's study.

Deidra Hird:

In this 21st hundred years, people become competitive in each way. By being competitive today, people have do something to make these survives, being in the middle of the actual crowded place and notice by surrounding. One thing that sometimes many people have underestimated it for a while is reading. Yep, by reading a publication your ability to survive enhance then having chance to endure than other is high. To suit your needs who want to start reading a book, we give you this particular Coping With Mental Illness book as nice and daily reading book. Why, because this book is usually more than just a book.

Mary Quinn:

Playing with family in a very park, coming to see the sea world or hanging out with pals is thing that usually you might have done when you have spare time, in that case why you don't try matter that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Coping With Mental Illness, you can enjoy both. It is great combination right, you still want to miss it? What kind of hang type is it? Oh seriously its mind hangout guys. What? Still don't buy it, oh come on its identified as reading friends.

Aurora Ammon:

Your reading sixth sense will not betray you, why because this Coping With Mental Illness book written by well-known writer who knows well how to make book that may be understand by anyone who all read the book. Written throughout good manner for you, still dripping wet every ideas and creating skill only for eliminate your personal hunger then you still skepticism Coping With Mental Illness as good book but not only by the cover but also by the content. This is one e-book that can break don't evaluate book by its include, so do you still needing yet another sixth sense to pick this specific!? Oh come on your studying sixth sense already alerted you so why you have to listening to one more sixth sense.
