Race Tech's Motorcycle Suspension Bible (Motorbooks Workshop) By Paul Thede, Lee Parks

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's.

Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance.

The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Review

“Race Tech’s Motorcycle Suspension Bible provides a clear understanding of the most misunderstood aspect of motorcycle performance. Paul Thede explains it all in this book. The book provides step-by-step photos of suspension disassembly and assembly as well as detailed troubleshooting for dirt, street, and supermoto - promising a solution to virtually any handling problem.” - ***Sport Rider***

“…a comprehensive book about one of the most misunderstood aspects of motorcycle performance – suspension. It explains the art and science of suspension tuning and set up in easy-to-understand, step-by-step instructions and explanations. It is stuffed with photos and illustrations that clarify the already well-written text.” - ***Cycle News***
“This is a highly detailed technical discussion about motorcycle suspension systems, components and operation with superb illustrations and photographs. This book could easily be used for a Master’s degree course on the subject. One thing’s for sure: it is absolutely the “Bible” of motorcycle suspension, no doubt about it.” - ***WebBikeWorld.com***
