Reckless: Southwestern Shifters By Bailey Bradford

Book three in the Southwestern Shifters Series. Six months in his enemies hands has left Marcus Criswell a shell of the man he used to be—or so he thought until his destined mate rescued him from a cruel death. Six months have passed since Marcus Criswell, Alpha Anax of the North American shifters, disappeared. Held captive, tortured and driven to the brink of madness, he still refuses to give up. Even when his captors abandon him, leaving him chained without food or water, Marcus will not accept his fate. Until his fate changes with the appearance of his mate, Nathan Grant. Now if only the two of them can survive long enough to enjoy it. Nathan Grant doesn't know the first thing about shifters other than he is one and should avoid all others. He's followed that advice all of his life. Raised by humans, Nathan is more than a little uncomfortable with the idea of being around any other shifters. One spontaneous day spent running as his wolf in Lincoln National Forest forces Nathan to reconsider what little he thought he knew, and to risk his life for one very unforgettable man. Surviving isn't easy, and Marcus is all too aware he's only a shell of the man he used to be. He wasn't broken completely, but he's definitely fractured, and even finding his mate might not be enough to help him heal.

Editorial Review

About the Author
A native Texan, Bailey spends her days spinning stories around in her head, which has contributed to more than one incident of tripping over her own feet. Evenings are reserved for pounding away at the keyboard, as are early morning hours. Sleep? Doesn t happen much. Writing is too much fun, and there are too many characters bouncing about, tapping on Bailey s brain demanding to be let out. Caffeine and chocolate are permanent fixtures in Bailey s office and are never far from hand at any given time. Removing either of those necessities from Bailey s presence can result in what is know as A Very, Very Scary Bailey and is not advised under any circumstances.

Users Review

From reader reviews:

Troy Jones:

What do you regarding book? It is not important along? Or just adding material when you need something to explain what the one you have problem? How about your extra time? Or are you busy person? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? All people has many questions above. They must answer that question because just their can do in which. It said that about guide. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need this specific Reckless: Southwestern Shifters to read.
