Miracles of Exodus: Scientists Discovery: A Scientist's Discovery Of The Extraordinary Natural Causes Of The Biblical Stories By Colin A. Humphreys

Did the Red Sea really part before the Israelites? Why didn’t the fire consume the Burning Bush? What was the Manna in the Wilderness? The Miracles of Exodus explores the truth about these and all the other Exodus mysteries, including the precise locations of the Red Sea Crossing and the route of the Exodus of the Israelites from Egypt 3,000 years ago. This investigative tour de force explains the Ten Plagues, the true location of Mount Sinai, the ultimate crossing of the Jordan and much more. Colin Humphreys, a distinguished British scientist, uses physics, astronomy, biology and other scientific resources to show that the mysteries and miracles of the Exodus have scientific explanations. These explanations allow us to pinpoint the exact nature, time and place of these miracles, and to reconstruct, for the first time, the true route of the Exodus. This book reveals what really happened and how the biblical account is remarkably accurate and historical when scientifically investigated. Profusely illustrated with maps, photographs and explanatory tables, this book by one of the world’s great scientists unlocks the mysteries of the ultimate Bible story in a fascinating and convincing way.

Editorial Review

Review
'"Humphreys has breathed new life into a stale subject and has clearly shown that science has a part to play in assessing the folklore of the ancient world.' Peter James, New Scientist 'Colin Humphreys has achieved a remarkable feat... the book makes an enthralling read.' John Polkinghorne, Expository Times"

About the Author
Colin Humphreys is Professor of Materials Science of Cambridge University.

Users Review

From reader reviews:

Anna Maples:

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each publication has different aim or goal; it means that publication has different type. Some people sense enjoy to spend their a chance to read a book. They may be reading whatever they consider because their hobby is reading a book. What about the person who don't like looking at a book? Sometime, particular person feel need book if they found difficult problem or exercise. Well, probably you will require this Miracles of Exodus: Scientists Discovery: A Scientist's Discovery Of The Extraordinary Natural Causes Of The Biblical Stories.

Robert Bell:

As people who live in often the modest era should be upgrade about what going on or data even knowledge to make all of them keep up with the era and that is always change and move forward. Some of you maybe can update themselves by looking at books. It is a good choice for you but the problems coming to an individual is you don't know what one you should start with.
