Return of the Pack: Sierra Moon Book Two By Claire Ryann

He's met his mate. What if she doesn't want the wolf?

Curvy, backpacker Tara learns that shifters are real the hard way-- by falling in love with one. But what does it really mean when he say she's his "mate?"

Are the bonds of Fate strong enough to hold them together when they're worlds are so far apart?

Lane knows that if the pack of misfit adoptee wolf-shifters is going to survive and re-establish the high Sierra territory, he'll need to find an alpha female. A natural alpha. A strong female who will be up to the task of becoming matriarch of the new pack.
When he meets Tara hiking through the mountains alone, he knows he's found his new mate. Now he just has to explain the whole were-wolf thing and hope she doesn't freak out.

Tara thought the incredibly sexy man with the piercing green eyes just might turn out to be more than a vacation hook-up. He seemed genuinely into her curvy figure and everything was going just fine until he revealed that he's really a werewolf--and he wants her to be his new mate and become the pack's alpha female.
Just her luck. She finally finds a great guy who's into her, and he turns out to be a werewolf!

Return of the Pack is Part Two in the Sierra Moon Series.
