Editorial Review

Amazon.com Review
Steve Blamires constructs for his readers a base camp in the history and use of the ogham before launching an expedition toward complete understanding of the physical, mental, and spiritual aspects of the ogham and the trees they represent. Quite a quest, but Blamires succeeds. Where other popular forms of magic can be slanted toward development of only one aspect, Blamires's study of the threefold nature of the ogham insures that the body of practical magical knowledge gathered on this journey will be useful in all levels of existence.
