Quick & Easy Medical Terminology - E-Book By Peggy C. Leonard

Read, write, and speak medical terms in no time with Leonard's **Quick & Easy Medical Terminology, 8th Edition.** Ideal for one-semester courses and self-study, this clear, concise text covers disorders, diagnosis, and treatment with a strong focus on anatomy for an integrated discussion of each body system. Small bits of information are presented then immediately tested for comprehension using a combination of programmed and traditional review questions. With new case studies, terms, and photos, plus help from the companion Evolve site, *Quick & Easy Medical Terminology* provides you with simple tools for good communication in the health care environment.

- **Brief explanations and a focus on basic word-building skills** make this text perfect for shorter, one- or two-credit medical terminology courses or self-study.
- **Moderate anatomy and physiology coverage** offers just the right amount of anatomical information to support the terminology presented.
- **Programmed learning** improves your comprehension by offering immediate feedback.
- **Review exercises integrated throughout lesson material** enable you to test your knowledge and retention of material more frequently for quick reinforcement.
- **Medical reports with review exercises** allow you to study terminology in documents similar to those seen in the clinical setting — and practice using terms in real-life situations.
- ***Quick Tips***
