The HCS12 / 9S12: An Introduction to Software and Hardware Interfacing
By Han-Way Huang

This new book provides a total solution for learning and teaching embedded system design based on the Freescale HCS12/9S12 microcontroller. Readers will learn step-by-step how to program the HCS12 using both assembly and C languages, as well as how to use such development tools as CodeWarrior, ImageCraft ICC12, MiniIDE, GNU C, and EGNU IDE. Supportive examples clearly illustrate all applications of the HCS12 peripheral functions, including parallel port, timer functions, PWM, UART port, SPI, I2C, CAN, on-chip flash and EEPROM programming, external memory expansion, and more. New sections on C programming style, software development methodology, and software reuse have been added in theis revision. A back-of-book CD contains the source code for all examples in the book, several groups of reusable utility functions, and complimentary freeware development tools for improved learning.

Editorial Review

About the Author
Han-Way Huang is a Professor in the Department of Electrical and Computer Engineering and Technology at Minnesota State University, Mankato. A member of both IEEE and ASEE, he has 25 years of teaching experience in microprocessors and microcontrollers. A well-respected author, he has also written THE HCS12/9S12: AN INTRODUCTION TO HARDWARE AND SOFTWARE (Delmar Learning), EMBEDDED SYSTEM DESIGN WITH M8051 (Cengage Engineering), THE PIC MICROCONTROLLER: AN INTRODUCTION TO SOFTWARE AND INTERFACING (Delmar Learning), THE HC12 MICROCONTROLLER: AN INTRODUCTION (Delmar Learning), and THE HC11 MICROCONTROLLER: AN INTRODUCTION (Delmar Learning). Dr. Huang earned an MS and Ph.D. in Computer Engineering from Iowa State University and the BSEE degree from National Taiwan University.

Users Review

From reader reviews:

Rhonda Robitaille:

Precisely why? Because this The HCS12 / 9S12: An Introduction to Software and Hardware Interfacing is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will surprise you with the secret it inside. Reading this book alongside it was fantastic author who else write the book in such remarkable way makes the content on the inside easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book have got such as help improving your expertise and your critical thinking approach. So , still want to postpone having that book? If I have been you I will go to the guide store hurriedly.

Kimberly Dyer:

The book untitled The HCS12 / 9S12: An Introduction to Software and Hardware Interfacing contain a lot of information on that. The writer explains her idea with easy technique. The language is very easy to understand all the people, so do not really worry, you can easy to read this. The book was compiled by famous author. The author will take you in the new period of literary works. You can easily read this book because you can keep reading your smart phone, or product, so you can read the book with anywhere and anytime. If you want to buy the e-book, you can start their official web-site and order it. Have a nice learn.

Lauren Zavala:

You can obtain this The HCS12 / 9S12: An Introduction to Software and Hardware Interfacing by check out the bookstore or Mall. Merely viewing or reviewing it can to be your solve challenge if you get difficulties to your knowledge. Kinds of this book are various. Not only by written or printed but additionally can you enjoy this book simply by e-book. In the modern era such as now, you just looking from your mobile phone

and searching what their problem. Right now, choose your ways to get more information about your reserve. It is most important to arrange you to ultimately make your knowledge are still revise. Let's try to choose suitable ways for you.

Stephen Morgan:

What is your hobby? Have you heard in which question when you got pupils? We believe that that concern was given by teacher to the students. Many kinds of hobby, All people has different hobby. And you know that little person including reading or as looking at become their hobby. You need to understand that reading is very important and book as to be the matter. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You discover good news or update regarding something by book. Numerous books that can you decide to try be your object. One of them is niagra The HCS12 / 9S12: An Introduction to Software and Hardware Interfacing.
