Editorial Review

Review

"This is a good review of the field of nuclear cardiology. It is probably most useful for practitioners who have some knowledge of the field, including trainees with some knowledge of the field, but less useful for trainees who are just being initially exposed to it. Overall, it is a very useful review."

Bennett S. Greenspan, MD, MS (Medical College of Georgia)
Doody's Reviews (March, 2013)
