The Nature of the English Revolution By John Morrill

John Morrill has been at the forefront of modern attempts to explain the origins, nature and consequences of the English Revolution. These twenty essays -- seven either specially written or reproduced from generally inaccessible sources -- illustrate the main scholarly debates to which he has so richly contributed: the tension between national and provincial politics; the idea of the English Revolution as "the last of the European Wars of Religion"; its British dimension; and its political sociology. Taken together, they offer a remarkably coherent account of the period as a whole.

Editorial Review

Review

'This indispensable collection justifies itselfxxx;these twenty pieces can be read as signposts to the evolution of the historiography in this period as much as for their compelling scholarship'

The Times Literary Supplement

Users Review

From reader reviews:

Mildred Ortiz:

Nowadays reading books be a little more than want or need but also turn into a life style. This reading routine give you lot of advantages. Advantages you got of course the knowledge the actual information inside the book this improve your knowledge and information. The info you get based on what kind of reserve you read, if you want attract knowledge just go with training books but if you want sense happy read one with theme for entertaining for instance comic or novel. The particular The Nature of the English Revolution is kind of book which is giving the reader unpredictable experience.

Mark Jones:
