Swerve By Vicki Pettersson

In the electrifying tradition of Dean Koontz and Gillian Flynn comes the first riveting psychological thriller from the *New York Times* and *USA TODAY* bestselling author!

It’s high summer in the Mojave Desert, and Kristine Rush and her fiancé, Daniel, are en route from Las Vegas to Lake Arrowhead, California, for the July Fourth holiday weekend. But when Daniel is abducted from a desolate rest stop, Kristine is forced to choose: return home unharmed, but never to see her fiancé again, or plunge forward into the searing desert to find him…where a killer lies in wait.

One road. One woman. One killer.

Sprinting against the clock, and uncertain if danger lies ahead or behind, Kristine must blaze an epic path through the gaudy flash of roadside casinos, abandoned highway stops, and a landscape rife with horrors never before imagined. Desperate to save her doomed husband-to-be, Kristine must summon long forgotten resources if she’s to go head-to-head against this unpredictable killer. And she’d better hurry. Because she only has twenty-four hours…to make one hell of a trip.

Editorial Review

Review
“An exercise in finely written, relentless, all-but-unbearable horror. . . . [Pettersson is] a connoisseur of the unspeakable.” (*The Washington Post*)

"Summed up in four words: one twisted, horrifying ride. Vicki Pettersson’s SWERVE kept me up the night *after* I finished it. Her writing always holds a gritty truth, but she pulls out all the stops in this new thriller set in the Mojave Desert, sending me on a dreadlocks-tight journey of Kristine Rush's past and present, proving that childhood scars never heal, but we can survive and find strength in them. I stand haunted at Pettersson's vision of what one person can endure in the name of love, the pain another can cause in the name of the same. Perfectly terrifying.” (Kim Harrison, #1 New York Times bestselling author)

“SWERVE is a relentless, brutal thriller with breakneck pacing and heartfelt characterization. Pettersson is a prizefighter, keeping the twists coming like punches to the head, but by the novel’s end, both author and reader emerge victorious.” (Christopher Golden, New York Times bestselling author of TIN MEN and SNOWBLIND)

“If you want a nonstop thrill ride, buckle up and hold on, because you’re about to get whiplash." (Taylor Stevens, New York Times bestselling author of THE INFORMATIONIST and THE MASK)

“SWERVE is a rolling nightmare that speeds you down bloody highways and dizzying switchbacks. A road story as dangerous as a knife hidden in your boot.” (Richard Kadrey, New York Times bestselling author of the SANDMAN SLIM novels)

About the Author
Vicki Pettersson is the *New York Times* and *USA TODAY* bestselling author of the popular *Signs of the Zodiac* urban fantasy series and the “para-noir” *Celestial Blues* series. She lives in Las Vegas and Dallas.

Users Review

From reader reviews:

Rosemarie Cleveland:

Book is usually written, printed, or created for everything. You can know everything you want by a book. Book has a different type. As you may know that book is important thing to bring us around the world. Next to that you can your reading ability was fluently. A e-book Swerve will make you to be smarter. You can feel more confidence if you can know about every thing. But some of you think that open or reading the book make you bored. It is not necessarily make you fun. Why they are often thought like that? Have you seeking best book or suitable book with you?

Lynn Kelley:

A lot of people always spent their very own free time to vacation or perhaps go to the outside with them family members or their friend. Did you know? Many a lot of people spent they free time just watching TV,

or even playing video games all day long. If you want to try to find a new activity honestly, that is look different you can read some sort of book. It is really fun in your case. If you enjoy the book you read you can spent all day long to reading a reserve. The book Swerve it doesn't matter what good to read. There are a lot of people that recommended this book. These people were enjoying reading this book. If you did not have enough space bringing this book you can buy the particular e-book. You can m0ore simply to read this book from a smart phone. The price is not too expensive but this book has high quality.

Lloyd Lake:

Many people spending their time period by playing outside with friends, fun activity along with family or just watching TV the entire day. You can have new activity to spend your whole day by reading through a book. Ugh, do you think reading a book can really hard because you have to use the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Smart phone. Like Swerve which is having the e-book version. So , why not try out this book? Let's find.

Mary Kidd:

A lot of e-book has printed but it is different. You can get it by web on social media. You can choose the most effective book for you, science, comedian, novel, or whatever by searching from it. It is named of book Swerve. Contain your knowledge by it. Without causing the printed book, it may add your knowledge and make a person happier to read. It is most significant that, you must aware about e-book. It can bring you from one destination to other place.
