The Nile: An Encyclopedia of Geography, History, and Culture By John A. Shoup III

This book provides an avenue for students to explore the Nile?the world's longest river?and better understand its larger role in society in the past, present, and future.

• Presents primary documents that allow students to delve deeper into the past and more recent political history of the Nile and serve librarians and teachers in their support of curricula standards

• Combines historical, cultural, and geographical perspectives on the Nile River?in the long-ago past through to modern day?into one comprehensive reference work

• Contains additional features, such an appendix of place names and a glossary of terms, that provide ready-reference material

Users Review

From reader reviews:

James Donovan:

Now a day people that Living in the era just where everything reachable by talk with the internet and the resources included can be true or not involve people to be aware of each information they get. How people have to be smart in getting any information nowadays? Of course the reply is reading a book. Reading through a book can help individuals out of this uncertainty Information specifically this The Nile: An Encyclopedia of Geography, History, and Culture book since this book offers you rich info and knowledge. Of course the data in this book hundred pct guarantees there is no doubt in it everbody knows.

Jason Manuel:

Playing with family inside a park, coming to see the water world or hanging out with close friends is thing that usually you may have done when you have spare time, and then why you don't try point that really opposite from that. Just one activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love The Nile: An Encyclopedia of Geography, History, and Culture, you are able to enjoy both. It is excellent combination right, you still would like to miss it? What kind of hangout type is it? Oh can happen its mind hangout fellas. What? Still don't get it, oh come on its identified as reading friends.

Michael Lockwood:

In this era globalization it is important to someone to get information. The information will make a professional understand the condition of the world. The condition of the world makes the information much easier to share. You can find a lot of recommendations to get information example: internet, newspaper, book, and soon. You can view that now, a lot of publisher that print many kinds of book. Often the book that recommended to you personally is The Nile: An Encyclopedia of Geography, History, and Culture this reserve consist a lot of the information of the condition of this world now. This book was represented just how can the world has grown up. The terminology styles that writer use to explain it is easy to understand. The writer made some investigation when he makes this book. Honestly, that is why this book ideal all of you.

Paul Queen:

Many people spending their time period by playing outside along with friends, fun activity together with family or just watching TV all day every day. You can have new activity to invest your whole day by studying a book. Ugh, you think reading a book will surely hard because you have to use the book everywhere? It alright you can have the e-book, taking everywhere you want in your Mobile phone. Like The Nile: An Encyclopedia of Geography, History, and Culture which is finding the e-book version. So , why not try out this book? Let's view.
