Biology Essentials For Dummies By René Fester Kratz, Donna Rae Siegfried

Just the core concepts you need to score high in your biology course

Biology Essentials For Dummies focuses on just the core concepts you need to succeed in an introductory biology course. From identifying the structures and functions of plants and animals to grasping the crucial discoveries in evolutionary, reproductive, and ecological biology, this easy-to-follow guide lets you skip the suffering and score high at exam time.

- Get down to basics — master the fundamentals, from understanding what biologists study to how living things are classified
- The chemistry of life — find out what you need to know about atoms, elements, molecules, compounds, acids, bases, and more
- Conquer and divide — discover the ins and outs of asexual and sexual reproduction, including cell division and DNA replication
- Jump into the gene pool — grasp how proteins make traits happen, and easily understand DNA transcription, RNA processing, translation, and gene regulation

Open the book and find:

- An overview of cells and their substructures
- Elementary chemistry
- The key facts about reproduction and DNA
- The 411 on energy and organisms
- What you need to know about evolution
- Coverage of ecosystems and populations
- Ten great biology discoveries

Learn:

- Core concepts taught in an introductory biology course
- The structures and functions of plants and animals
- The key discoveries in evolutionary, reproductive, and ecological biology

Users Review

From reader reviews:

Jennifer Garza:

Here thing why this particular Biology Essentials For Dummies are different and dependable to be yours. First of all reading through a book is good nonetheless it depends in the content of the usb ports which is the content is as delightful as food or not. Biology Essentials For Dummies giving you information deeper since different ways, you can find any e-book out there but there is no reserve that similar with Biology Essentials For Dummies. It gives you thrill studying journey, its open up your own eyes about the thing in which happened in the world which is maybe can be happened around you. You can actually bring everywhere like in park, café, or even in your way home by train. Should you be having difficulties in bringing the printed book maybe the form of Biology Essentials For Dummies in e-book can be your substitute.

Mary Jones:

Reading a book to be new life style in this season; every people loves to study a book. When you learn a book you can get a lots of benefit. When you read textbooks, you can improve your knowledge, mainly because book has a lot of information upon it. The information that you will get depend on what types of book that you have read. If you would like get information about your study, you can read education books, but if you want to entertain yourself look for a fiction books, these kinds of us novel, comics, and soon. The Biology Essentials For Dummies offer you a new experience in examining a book.

Jerry Rivera:

Don't be worry should you be afraid that this book will certainly filled the space in your house, you might have it in e-book approach, more simple and reachable. This specific Biology Essentials For Dummies can give you a lot of friends because by you considering this one book you have thing that they don't and make you more like an interesting person. This book can be one of a step for you to get success. This publication offer you information that perhaps your friend doesn't learn, by knowing more than some other make you to be great persons. So , why hesitate? We need to have Biology Essentials For Dummies.

Kathy Donnelly:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or

make summary for some reserve, they are complained. Just little students that has reading's soul or real their pastime. They just do what the educator want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Biology Essentials For Dummies can make you sense more interested to read.
