**Praise for *"Living With A Diabetic Dog"***

"**Every Dog Owner Should Read This**; *This is a great book*, well written and informative about dog diabetes. It's written in an easy to read style - not dry and boring like some of these books can be. "

"**Easy-to-Understand Guide to Home Health Care for Your Pooch**; *This book is a get-down-to-business book about the home care of dogs that have been diagnosed with diabetes*... The author does two things I found helpful. First, she very clearly demonstrates a deep love for her own pet. It's clear you are reading a book not from a "let's publish anything" author but from someone who wants you to be assured that you, the fellow pet owner, can handle the needs of your diabetic pet. Secondly, she has listed real-world tips and techniques for the actual care of your dog. There's so much more here than just a checklist of things to do.

"**Thanks... From my dog as well**; *The author knows her subject very well* and describes how undiagnosed diabetes affected her dog Willie and how the disease changed their lives. I wished I had discovered this book sooner and been able to recognize the symptoms of diabetes in my own dog, especially the section on peripheral neuropathy. I highly recommend this book for anyone with an older dog or a dog already diagnoses with diabetes.
