Girl On The Net: My Not-So-Shameful Sex Secrets By Girl On the Net

This is a passionate and deeply erotic memoir that takes us through the life of a sex blogger. There are plenty of filthy chapters, as we follow Girl on the Net through illicit teenage masturbation to fetish clubs, online dating, sex parties and the terrifying horrors of love.
It's a memoir that is unashamed about sex, and keen to sweep away the assumptions we make about it. This book is about desire, love, BDSM, and what people do when the sex stops and you have to fight over the washing up. Above all it's an honest account of the sexual mistakes that make us all human.

"This book is like Twilight, if Twilight was about sex instead of Vampires and didn't hate women." - Martin Robbins, author of 'The Lay Scientist' at the Guardian

"This is the thinking gentleman/woman's filth, and will equally delight and disgust you. It is a frank and honest, which are two of the best qualities for a memoir to be, in my opinion." - BookCunt

Editorial Review

Review
"This isn't just a blow-by-blow (punintended) account of GOTN's sex life but a funny and often heartbreaking story of a real woman not so different to a lot of us. She's just morehonest about what she wants. And she wants sex. A lot of it. Withdifferent people. On her terms. I felt empowered by the end." - Bondara

"What makes this work as a genuinely engaging book, rather than just a series of pornographicvignettes trussed up tight in a slick jacket (ahem)... is the emotionalunderpinning. Girl on the Net writes with genuine love, as well as lust. You can feel the highs and lows, the hope and the heartbreak, as wellas the hot and the heavy." - The Pod Delusion

"It's delightfully filthy, throwing around the sort of language that would put my mother off reading with a casual glee. Stories of so-called normal sex, debauched sex, and even borderline rape in one disturbing case are all thrown in here, and there's absolutely no holding back. What really elevates it for me is that it comes with its fair share of pathos too." Christopher Mansell - A Writer's Side Quest

"Women are sure to nod and smile, while for men it's like getting to peer behind the curtain." - CD Foxwell, Erotic Den of Erotica

About the Author
Girl on the Net is a feminist sex blogger. Born in the south of England, Girl on the Net travelled around a bit studying Philosophy and amassing a spectacular collection of bad habits before settling down in London. She now lives in a small flat with a hoard of books and an impressive selection of dirty coffee cups, and aspires to be the sort of person who visits museums at the weekends.
During the week you might spot her at comedy nights or science talks, and on Friday nights she'll likely be the first person in the pub, ringing everyone else to see where they've got to. If you happen to meet her in real life and think you know who she is, please don't let on. Like most people, she's far more fun on the internet.
