Pro iOS Table Views and Collection Views: for iPhone, iPad, and iPod touch
By Tim Duckett

Pro iOS Table Views and Collection Views, updated for iOS 7, takes a task-oriented focus to assist you when implementing customized table views or collection views. It’s a great reference and customization cookbook at the same time, useful for beginners as well as intermediate developers.

If you’re an iOS app developer, chances are you’ll be using table views and now collection views in your development projects. Table views are the bread and butter of iOS apps. With them, you can create everything from the simplest of lists to fully tricked-out user interfaces.

Table views and collection views are some of the most complex components found in UIKit. While using them for boring standard user interfaces is quite simple, customizing them can become really challenging.

- Covers the entire Table View and Collection View APIs in depth
- Covers customization and performance topics in depth
- Task-oriented reference with multiple levels of detail

What you’ll learn

- The anatomy of tables and cells
- The design patterns that powers table views and collection views
- How to create and configure table views and collection views
- How to customize every last little detail of the view
- Advanced tips and tricks for performance and killer user interfaces
- The latest updates in iOS 7 and how to exploit them

Who this book is for

The book is for iOS developers who need to customize table views and collection views. The information is divided into several layers of detail. While the book covers complex customization topics and user interaction techniques, it provides the fundamental basics needed for customization. Both beginners and intermediate developers will find great value in this book as a helpful reference, at hand to quickly refresh their knowledge at any given time.

Editorial Review

About the Author

Tim Duckett designs and builds software with tools such as Objective-C and Ruby on Rails. Having been online since the early 1990s, he s worked with all kinds of clients in all kinds of sectors. Along the way he picked up an MBA and is a certified project manager, but asks that you don t hold those against him. He lives in Sheffield in the UK with his family and far too many pets. In his spare time, he walks the dog, enjoys single malts, takes photos, and dismantles gadgets. You can find him online at http://adoptioncurve.net, and on places including Twitter and GitHub as timd.

Users Review

From reader reviews:

Gerardo Whittaker:

As people who live in the actual modest era should be update about what going on or data even knowledge to make these individuals keep up with the era that is always change and progress. Some of you maybe may update themselves by looking at books. It is a good choice for you but the problems coming to you actually is you don't know which you should start with. This Pro iOS Table Views and Collection Views: for iPhone, iPad, and iPod touch is our recommendation to help you keep up with the world. Why, because this book serves what you want and wish in this era.

Lea Severino:

Reading a book can be one of a lot of task that everyone in the world likes. Do you like reading book so. There are a lot of reasons why people enjoyed. First reading a guide will give you a lot of new details. When you read a e-book you will get new information because book is one of numerous ways to share the information or even their idea. Second, reading a book will make you actually more imaginative. When you looking at a book especially fictional works book the author will bring someone to imagine the story how the character types do it anything. Third, you are able to share your knowledge to some others. When you read this Pro iOS Table Views and Collection Views: for iPhone, iPad, and iPod touch, you may tells your family, friends and soon about yours reserve. Your knowledge can inspire different ones, make them reading a book.

Sharon Bedgood:

The reason? Because this Pro iOS Table Views and Collection Views: for iPhone, iPad, and iPod touch is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will surprise you with the secret this inside. Reading this book beside it was fantastic author who write the book in such wonderful way makes the content inside easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of benefits than the other book have got such as help

improving your ability and your critical thinking means. So , still want to hold up having that book? If I had been you I will go to the e-book store hurriedly.

Ann Foley:

Do you like reading a e-book? Confuse to looking for your chosen book? Or your book ended up being rare? Why so many issue for the book? But virtually any people feel that they enjoy for reading. Some people likes studying, not only science book and also novel and Pro iOS Table Views and Collection Views: for iPhone, iPad, and iPod touch or even others sources were given knowledge for you. After you know how the truly great a book, you feel desire to read more and more. Science reserve was created for teacher or maybe students especially. Those ebooks are helping them to bring their knowledge. In additional case, beside science publication, any other book likes Pro iOS Table Views and Collection Views: for iPhone, iPad, and iPod touch to make your spare time far more colorful. Many types of book like this one.
