Editorial Review

Review
"When most people hear 'large-print book,' they immediately think senior citizen. But large-print editions of popular children's books -- from the powerhouse *Harry Potter* series to timeless classics like *The Adventures of Tom Sawyer* -- are now making their way onto the shelves of the Children's Department at the Canton Library. . . . Although large-print editions are targeted to the visually-impaired or dyslexic child, they can also be used by standard-vision readers. So Kershner [Children's librarian at the Canton Public Library] has decided against creating a special section in the Children's Department (as exists in the Adult Department) opting instead to intersperse large-print books on the shelves with the regular print versions of the same titles."

"Thorndike Press has helped me not only find books I want to read, but they also look like regular books. That's important when you're a kid and you can only read Large Print, you want your book to look like all the other books. I'm reading a lot more now that we have found Thorndike Press."
-- Jim Bernardin, Islamorada, FL

"Everyone loves to read, there's nothing like curling up with a good book. We're a reading family, so when our son was diagnosed with Stargardt's Disease and only able to read Large Print, it was particularly difficult. Books on tape are wonderful but they don't fill the void of actually reading a good story. Large Print books have been around a long time for older people, but to find a good novel for a young person in Large Print began to feel nearly impossible. The books that Thorndike Press publishes have truly made a difference in my son's reading life. He can enjoy current novels as well as some of the classics that he missed reading when it became too difficult with regular print."

From the Publisher
The Dark is rising in its last and greatest bid to control the world. And Will Stanton -- last-born of the immortal Old Ones, dedicated to keeping the world free -- must join forces with his ageless master Merriman and Bran, the Welsh boy whose destiny ties him to the Light. Drawn in with them are the three Drew children, who are mortal, but have their own vital part in the story. These six fight fear and death in the darkly brooding Welsh hills, in a quest through time and space that touches the most ancient myths of the British Isles, and that brings Susan Cooper's masterful sequence of novels to a satisfying close.

Have you spare time to get a day? What do you do when you have more or little spare time? That's why, you can choose the suitable activity to get spend your time. Any person spent their particular spare time to take a stroll, shopping, or went to the Mall. How about open or even read a book allowed Silver on the Tree? Maybe it is to be best activity for you. You realize beside you can spend your time with the favorite's book, you can better than before. Do you agree with the opinion or you have other opinion?

Bobby McCabe:

Book is usually written, printed, or created for everything. You can realize everything you want by a publication. Book has a different type. We all know that that book is important matter to bring us around the world. Close to that you can your reading talent was fluently. A reserve Silver on the Tree will make you to always be smarter. You can feel considerably more confidence if you can know about every thing. But some of you think which open or reading a book make you bored. It's not make you fun. Why they can be thought like that? Have you looking for best book or suitable book with you?

Josette Leonard:

Reading a guide tends to be new life style in this era globalization. With reading through you can get a lot of information which will give you benefit in your life. Having book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire their very own reader with their story as well as their experience. Not only the storyline that share in the publications. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors these days always try to improve their proficiency in writing, they also doing some analysis before they write with their book. One of them is this Silver on the Tree.

Dona Cole:

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library or even make summary for some publication, they are complained. Just little students that has reading's spirit or real their interest. They just do what the educator want, like asked to go to the library. They go to there but nothing reading really. Any students feel that looking at is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach

Chinese's country. Therefore , this Silver on the Tree can make you experience more interested to read.
