They Would Be Gods: The Past Reconsidered, The Future Forewarned By Anthony K. Forwood

This book covers a wide range of controversial material, including the possibility of alien visitation and influence, the Great Pyramid and other megalithic structures, mysterious fossils, ancient legends, mystery schools and modern secret societies, the events in the Bible, lost civilizations, the hollow Earth hypothesis, recurrent planetary cataclysms, Earth energies, secret and suppressed science, human psychic potentials, mass social conditioning, and mind-control technologies.
