Handbook of Pharmaceutical Manufacturing Formulations, Vol. 1: Compressed Solid Products By Sarfaraz K. Niazi

The largest category of pharmaceutical formulations, comprising almost two-thirds of all dosage forms, compressed solids present some of the greatest challenges to formulation scientists. The first volume, Compressed Solid Products, tackles these challenges head on.

Highlights from Compressed Solid Products, Volume One include:

- formulations for more than 200 of the most widely used drugs for all types of release profiles, offering formulators a rare opportunity to start with an optimal composition
- the essentials of what you need to be aware of when establishing a manufacturing process based on the formulations presented
- identification and inclusion of the most popular prescription products, a critical list for the selection of products
