Sealed with a Lie By Kat Carlton

In this sequel to the romantic spy-thriller *Two Lies and a Spy*, Kari must race against the clock on a mission to save her little brother.

Kari Andrews thought life was going to get easier. She was wrong. Following the events of *Two Lies and a Spy*, she and her brother, Charlie, are left to cope with the aftermath while also adapting to a new school—in another country. But then Charlie disappears.

With her brother's life hanging in the balance, Kari, Evan, Rita, Kale, and some new friends from Generation Interpol (G.I.) set off on a race around Europe at the bidding of a voice on a phone. The voice tells them that they need to jailbreak a thief—a flirtatious, *hot* thief—steal something from a high-security bio lab, and deliver the goods during what's sure to be a double-cross exchange. Can they succeed before Charlie pays the ultimate price?

"Solid action, high stakes, and a likable heroine keep the pages turning" (*Kirkus Reviews*).

Editorial Review

From School Library Journal
Gr 7 Up–Kari Andrews's motto is, “when all else fails, resort to violence.” This is sort of odd coming from a 16-year-old prep-school student living in the DC area, but then her parents are both spies working for the Agency, which readers can presume to mean the CIA. She is also proficient at judo and takes care of her seven-year-old genius brother, Charlie, as one of her missions in life. The plot is totally preposterous. Kari gets a message from her parents to grab Charlie and hide until they can reach her. With her high school friends at her side, she does some spying of her own when her parents fail to show up at the three designated safe spots. The teens break into Langley when they find out that Kari's mother is in custody there. It seems that the Agency believes her parents are double agents working for the Russians. Kari doesn't stop until she busts her mother out of captivity and can begin looking for her father. There is a twist at the end that keeps readers engaged. Though the premise is far-fetched, the book is an easy, fun read that would be an additional purchase for libraries looking for espionage fluff.–Elizabeth Kahn, Patrick F. About the Author
Kat Carlton is the alias for a private citizen working in the interests of truth, justice, and the American Way. She’d reveal her true identity, but then she’d have to kill too many people…so Kat is content, like most covert operatives, to take names and kick ass from behind the scenes.

From reader reviews:

Annette Morrison:

What do you think about book? It is just for students since they're still students or it for all people in the world, what best subject for that? Just simply you can be answered for that issue above. Every person has different personality and hobby per other. Don't to be pushed someone or something that they don't wish do that. You must know how great and also important the book Sealed with a Lie. All type of book is it possible to see on many sources. You can look for the internet solutions or other social media.

Elliott Salazar:

In this period of time globalization it is important to someone to acquire information. The information will make a professional understand the condition of the world. The healthiness of the world makes the information simpler to share. You can find a lot of referrals to get information example: internet, classifieds, book, and soon. You will see that now, a lot of publisher which print many kinds of book. The book that recommended for you is Sealed with a Lie this guide consist a lot of the information of the condition of this world now. This book was represented just how can the world has grown up. The language styles that writer use to explain it is easy to understand. The writer made some analysis when he makes this book. That's why

this book suited all of you.

Etsuko Siler:

As a university student exactly feel bored for you to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just minor students that has reading's internal or real their pastime. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Sealed with a Lie can make you experience more interested to read.
