## Editorial Review

About the Author

**Ashish Kumar Tulsiram Yadav**

Ashish Kumar Tulsiram Yadav is a BE in computers and has around four and a half years of experience in software development, data analytics, and information security, and around four years of experience in Splunk application development and administration. He has experience of creating Splunk applications and add-ons, managing Splunk deployments, machine learning using R and Python, and analytics and visualization using various tools, such as Tableau and QlikView. He is currently working with the information security operations team, handling the Splunk Enterprise security and cyber security of the organization. He has worked as a senior software engineer at Larsen & Toubro Technology Services in the telecom consumer electronics and semicon unit providing data analytics on a wide variety of domains, such as mobile devices, telecom infrastructure, embedded devices, Internet of Things (IOT), Machine to Machine (M2M), entertainment devices, and network and storage devices. He has also worked in the area of information, network, and cyber security in his previous organization. He has experience in OMA LWM2M for device management and remote monitoring of IOT and M2M devices and is well versed in big data and the Hadoop ecosystem. He is a passionate ethical hacker, security enthusiast, and Linux expert and has knowledge of Python, R, .NET, HTML5, CSS, and the C language. He is an avid blogger and writes about ethical hacking and cyber security on his blogs in his free time. He is a gadget freak and keeps on writing reviews on various gadgets he owns. He has participated in and has been a winner of hackathons, technical paper presentations, white papers, and so on.

## Users Review

**From reader reviews:**

**Nancy Sanchez:**

What do you think of book? It is just for students as they are still students or it for all people in the world, exactly what the best subject for that? Merely you can be answered for that concern above. Every person has distinct personality and hobby for each other. Don't to be pushed someone or something that they don't desire do that. You must know how great as well as important the book Advanced Splunk. All type of book would you see on many sources. You can look for the internet solutions or other social media.

**Lynn Gowen:**

The actual book Advanced Splunk has a lot associated with on it. So when you check out this book you can get a lot of benefit. The book was published by the very famous author. This articles author makes some research previous to write this book. This particular book very easy to read you can get the point easily after perusing this book.

**Suzanne Jensen:**

As a pupil exactly feel bored to help reading. If their teacher requested them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's internal or real their pastime. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Advanced Splunk can make you truly feel more interested to read.

**Bonnie Wilson:**

Many people said that they feel bored stiff when they reading a guide. They are directly felt that when they get a half parts of the book. You can choose often the book Advanced Splunk to make your reading is interesting. Your own personal skill of reading proficiency is developing when you like reading. Try to choose basic book to make you enjoy to read it and mingle the impression about book and looking at especially. It is to be very first opinion for you to like to open a book and go through it. Beside that the publication Advanced Splunk can to be your friend when you're experience alone and confuse with what must you're doing of that time.
