"Downtown White Police": Demonizing the Alpha Cop, Glorifying Thugs, and Militarizing Law Enforcement By James Lancia

Downtown White Police: Demonizing the Alpha Cop, Glorifying Thugs, and Militarizing Law Enforcement is a take-no-prisoners exposé of the forces at work in American society that are leading us down the dangerous path to a militarized police force.

Former police officer James Lancia excuses no one for what is happening in the nation today. Rather, through a riveting blend of real-life cop stories and scathingly truthful social and political analysis, he explains the situation like only an insider can. Lancia was an inner city cop who patrolled some of the most dangerous streets in America at a time when crime was at an all time historic high. He has the experience and insight that journalists, politicians, attorneys, race baiting pimps, and even politically enslaved police spokespersons can never have.

Growing up on the same streets he patrolled as a poor white male with no "white privilege," Lancia has the credibility worth listening to. Along with his truthful social and political analysis, the author incorporates his real life police experiences to reveal to the public the true side of race and policing: which shows a much different picture than what the public is spoon-fed by an agenda driven media today.

He also uses his exciting and emotional experiences to prove that what police officers have to face today does not necessitate the need for fundamental changes in law enforcement, such as militarization, federalization, or the excessive and abusive use of SWAT teams and soldier-like tactics.

Downtown White Police discloses not only the disturbing fact that our police are becoming militarized, but also explains *why* this troubling trend is happening--and how race, religion, immigration, Black Lives Matter, and anti-police rhetoric are being used as a catalyst to accelerate it.

What's more, Lancia reveals *how* the media, the entertainment industry, political

correct politicians, and anti-white social justice advocates are shamelessly hyping the news while hiding the truth of crime statistics regarding race, and creating a false paradigm that demonizes the white alpha cop and glorifies criminals in order to fundamentally change law enforcement into an agent of the federal government for total control of its citizens: altering our way of life forever.

Whether you're concerned about your own safety or about the future of our democracy, your eyes will be opened to the reality of crime and the need for citizens to act in order to preserve our civil liberties--before it´s too late.

Editorial Review

Review
"'Downtown White Police' is an important book. But above all, it is the most interesting book at the intersection of race and crime that has been published in many years."

-Colin Flaherty, award winning journalist and best selling author of "White Girl Bleed A Lot" and "Don't Make the Black Kids Angry."

"It's a highly readable and entertaining book...This is the kind of book that could have a very positive impact on society if widely read, so I would encourage everybody to pick up a few copies, read it, and send it to as many people as you can, especially those who are in a position of power and influence, such as other police officers." - Author Benjamin Garland

About the Author

James Lancia is a retired police officer who worked closely with the FBI, DEA, ATF, and Statewide Narcotics Agency as a patrolman in the Bridgeport Police Department in Connecticut during the country's high-crime crack epidemic. His beat included the sixth largest housing project in the nation, rated the worst in the country according to FBI statistics.

Since retiring, he has used his skills in boxing, kickboxing, and weightlifting to train boxers, and for a short time, along with a former colleague, he worked closely with Kevin Rooney, former trainer of world champion Mike Tyson.

He is now a military artist, painting museum pieces for the French Foreign Legion. His work has been featured in the French Foreign Legion Headquarters Museum in Aubagne, France. His historical military artwork has also been featured at West Point and in various other US museums and magazines.
