Hi, I'm James J. (J.J.) Ryan

Modern women and men are dealing with completely new ways of communicating today; including social media, phones, the web and email. All these things have added totally new layers of complexity to relationships but have also opened the doors to amazing new ways to meet people, date people and find that perfect person. But it also means some people may need some extra advice to help them get past blocks or stepping stones in relationships of all kinds.

If you've ever been the kind of guy that's constantly trying to "get the attention" of women but is always falling flat, then I've written this book for you. I know exactly how you feel because for the longest time this was exactly the way I acted with girls. I was constantly chasing them around, trying to gain their affection. I look back and see that "puppy dog" and think, why didn't someone tell me what I was doing wrong and what I could do to make it right. Don't get me wrong, it's a good idea to treat women with respect and proper attention but a little bit too much can take you from date to break. Get the edge you need to make a woman feel like she wants to spend time with you instead of always trying to get her to like you. Become the guy that gets the girl calling you up. Turn the tables!

In this guide I'm here to tell you that there’s a simple, step-by-step system anyone can use to have a girl chasing you from the start. . . Yes it's possible!

Even better, this simple, powerful method has been proven time and time again to work on almost ANY girl (no matter how stubborn she is or how much she's holding back from talking to you).

What you'll find in this 30 page report is amazingly powerful, step-by-step information you can use to turn the tides in your favor...

Here’s just a LITTLE of what you’ll discover in this incredible guide. . .

Hey there, I'm James J. Ryan (J.J.) Have you noticed how hard dating can be in the modern world? Tinder, Facebook, Snapchat, Smart Phones, and a thousand dating sites... oh and the real world. As you navigate this awesome new world of dating you'll often come across stumbling blocks that you may not have anticipated. I teach people exactly what to do and how to do it concerning relationship issues, including cheating spouses, finding your soul mate and successful dating techniques. I also teach how to see some of those warning signs early enough that can save your relationship. When it comes to what matters from a dating and relationship coach, I believe it's the results you get that matter most. Don't you agree? I've had relationship issues in the past, and learned a lot during those years. I overcame those issues with trial and error and a keen sense of what makes people tick. I'd like to pass on what I learned, and my valuable insights so you don't have to go at this alone. I love it when I get an email or post telling me how I've helped someone find their perfect partner or mend a broken relationship. Or when I hear from someone who took just one simple tip I gave him and suddenly his dating life has exploded overnight. If that's the kind of success you would like to have, then you've come to the right place. Thanks and all the best for your success and happiness! ~James Users Review**From reader reviews:**
