Land Of Promise (Counter-Caliphate Chronicles) By James Wesley Rawles

New York Times Bestselling author James Wesley, Rawles's Land of Promise is a bold piece of speculative fiction that posits the establishment of a Christian nation of refuge, in response to the establishment of a global Islamic Caliphate in the near future. Launched by a pair of free-thinking venture capitalists and an Israeli art dealer, the fictional Ilemi Republic is carved out of a disputed border region between Kenya and South Sudan, with the consent of the governments of these two neighboring nations.

The fledgling Ilemi Republic is a nation of firsts in modern history: The first nation as a dedicated place of refuge for Christians and Messianic Jews; The first nation with absolutely no taxes or levies of any kind; The first nation with no licenses or permits; The first nation with minimalist government; The first nation to reject fiat currency and establish a tri-metallic currency (gold, silver, and platinum); The first nation to have a self-policing citizenry with a citizen's militia--and hence no standing army and no police force; The first nation with a near absolute right to keep and bear arms, where only weapons of mass destruction are restricted from private ownership; and the first nation without a parliament or congress, where all decisions are made by public referendum.

Praise for James Wesley, Rawles:

"In Land of Promise, [Jim Rawles] crafts an exception to the rule: He speculates on proactive efforts to carve out a liberty lifeboat on Earth. It is the last refuge of free people in charge of their own lives. In every other place on Earth that man has put down roots, the usual suspects come out of the woodwork to offer advice on how to run his life and eventually develop systems that strangle that very life out of them. Some of these have been much worse than others as witnessed in the blood-soaked twentieth century."

– Bill Buppert, ZeroGov Forums

“Rawles is an amazingly gifted author who has singlehandedly reignited the

postapocalyptic thriller. Survivors is an instant classic."

– *Brad Thor, #1 New York Times bestselling author*

"Rawles' Survivors is well worth reading. . . well-written and informative, and speaks with an honesty and bluntness often missing from the policy prognotications of the political elite."

– *The New American*
