Literature Suppressed on Religious Grounds (Banned Books) By Margaret Bald

Censorship of religious and philosophical speculation is as old as history and as current as today's headlines. Many of the world's major religious texts, including the Bible, the Talmud, the Koran, and others, have been suppressed, condemned, or proscribed at some time. Works of secular literature that touch upon religious beliefs or reflect dissenting views have also been suppressed.

Literature Suppressed on Religious Grounds, Third Edition profiles the censorship of many of these works, including the frequently challenged Harry Potter series, which critics accuse of promoting witchcraft and anti-family themes. Other recent popular books challenged for religious reasons include Philip Pullman's His Dark Materials trilogy and Dan Brown's The Da Vinci Code.
