MCTS Guide to Microsoft Windows 7 (Exam # 70-680) (Test Preparation)
By Byron Wright, Leon Plesniarski

Introducing a complete guide to deploying and managing Windows 7 that is suitable for IT professionals and students alike! This instructional text provides the information users need to successfully migrate to Windows 7 and immediately derive benefits from it. Readers will learn about the new features in Windows 7, such as advanced security, and how those features compare to Windows Vista and Windows XP. Valuable for professionals, but written in a way that is understandable to the novice networking student, this informative guide examines Windows 7 in a thorough and logical manner making the information easy to understand and preparing readers for Microsoft's MCTS Exam #70-680. The hands-on activities and case projects help learners practice new skills, and review questions and key terms reinforce important information. The accompanying CD provides valuable certification preparation material, including test preparation software. With a section devoted to troubleshooting, this text also doubles as a manual that professionals can take on the job with them.

Editorial Review

Review
"…fits my current course well. I believe this text will be a more student friendly book and it will help the students to better understand the concepts with the detail used."

About the Author
Byron Wright is owner of BTW Technology Solutions, which provides Exchange Server and Office 365 implementation and migration services. Mr. Wright is a Microsoft MVP for Exchange server since 2012. He has a broad range of knowledge about Microsoft operating systems, Active Directory, networking, security, and cloud services. As a Microsoft Certified Trainer (MCT), Mr. Wright provides practical advice and exam relevant content to a wide variety of organizations. He has authored and co-authored a number of books for Cengage Learning on Windows Server 2003, Exchange Server 2003, Windows Vista, and Windows 7. He also occasionally teaches information systems course for the Asper School of Business at the University of Manitoba.

Leon Plesniarski is a Senior Solutions Architect who has been building with Microsoft products since 1984. Mr. Plesniarski's formal training was in Computer and Electrical Engineering, but he has since applied his skills primarily in computer networking. He has worked as a network administrator and technical instructor. He currently works as a consultant for Broadview Networks to analyze client requirements and provide practical solutions for their needs. In recent years Mr. Plesniarski has focused on Microsoft cloud services, such as Windows Azure, Office 365, and Microsoft Intune. Mr. Plesniarski leverages his teaching skills and experience as a Microsoft Certified Trainer (MCT) to create learning materials that are technically accurate and easy to understand. He has previously created course materials for A+ certificate. For Cengage, he has authored leading books detailing both Windows Vista and Windows.

Users Review

From reader reviews:

Beverly Dewitt:
