OS X El Capitan For Dummies By Bob LeVitus

Get up to speed on the latest Mac OS

Getting a new Mac and not knowing how to use it is like getting a remote controlled car for Christmas with no batteries. *OS X For Dummies* powers your understanding of the latest Mac operating system through straightforward, fun content that covers the basic features and functions you need to know. An essential text if you're not already familiar with Apple technology, this resource walks you through the fundamentals of Apple's Mac OS, shows you how to customize your workspace, work with the Dock, leverage the Finder and Finder Tabs, understand files, folders, and tags, find things with Spotlight, use Mission Control and Launchpad, organize your life through Calendar, Reminders, Notes, and Notifications, and much more.

Apple is one of the most popular technology companies in the world, known for its ability to combine power and stability with style. Since all of Apple's products function according to its proprietary operating system, it's essential that you understand how to use the OS to make the most of your tech toys.

- Take your communication to the next level with email and messaging capabilities
- Enjoy multi-media entertainment by surfing the web and accessing movies, music, ebooks, and digital photos
- Let your creative side run free with Text Edit
- Create a seamless digital experience by connecting a printer, running multiple displays, networking, file sharing, backing up and restoring your system, and keeping your machine safe with Gatekeeper

OS X For Dummies breaks down Apple's Mac operating system into bite-sized pieces, allowing you to digest small morsels of information that guide you in navigating your new Apple gadget.

For Dummies.

Users Review

From reader reviews:

Drew Poland:

Information is provisions for anyone to get better life, information today can get by anyone in everywhere. The information can be a know-how or any news even a concern. What people must be consider while those information which is within the former life are hard to be find than now could be taking seriously which one works to believe or which one the particular resource are convinced. If you receive the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All of those possibilities will not happen inside you if you take OS X El Capitan For Dummies as the daily resource information.

Mark Bock:

Many people spending their time frame by playing outside along with friends, fun activity together with family or just watching TV all day long. You can have new activity to invest your whole day by looking at a book. Ugh, you think reading a book can really hard because you have to bring the book everywhere? It all right you can have the e-book, bringing everywhere you want in your Smartphone. Like OS X El Capitan For Dummies which is having the e-book version. So , why not try out this book? Let's see.

Stacy Knarr:

In this era which is the greater particular person or who has ability to do something more are more treasured than other. Do you want to become among it? It is just simple way to have that. What you need to do is just spending your time very little but quite enough to get a look at some books. Among the books in the top record in your reading list is actually OS X El Capitan For Dummies. This book that is qualified as The Hungry Slopes can get you closer in growing to be precious person. By looking right up and review this reserve you can get many advantages.

William Burmeister:

A lot of people said that they feel bored stiff when they reading a publication. They are directly felt it when they get a half areas of the book. You can choose the book OS X El Capitan For Dummies to make your personal reading is interesting. Your personal skill of reading ability is developing when you such as reading. Try to choose simple book to make you enjoy you just read it and mingle the sensation about book and studying especially. It is to be initially opinion for you to like to open up a book and study it. Beside that the guide OS X El Capitan For Dummies can to be your brand new friend when you're sense alone and confuse in doing what must you're doing of that time.
